Attendance

Our present educational program in Manchester consists of three aspects: instruction, administrative services, and student personnel services. Instruction is the focal point of the educational program, and the teacher holds an important position in the school. Administrative services are provided for the purpose of facilitating the instructional program and supporting the teacher in his instructional role. Student personnel services are facilitative and are designed to help each student obtain the maximum benefit from all other services. While S.P.S. is one of three areas of any educational program, it also supplements the other two. In Manchester the student personnel services include: Health Services, Remedial Services, School Adjustment Services, Attendance, Special Education and Guidance Program.

Faculty and Administration

TO THE CLASS OF 1966

"LIFE is my college. May I graduate well, and earn some honors!"

Louisa May Alcott

Commencement is by definition the beginning. Your class has an outstanding start in life for you have already achieved notably in relation to the individual goals and aspirations that make up the class of 1966.

Knowledge is not power in itself but when used by an individual to function more effectively it contributes to his own power to accomplish. We grow when we face life.

I commend your class for its knowledge, power, and proud record of achievement. Your future can only grow as you grasp the realities of your commencement.

BELOW: Coach Hyland presents Luise with a free pass to all school athletic activities.

Luise Grosshauser, a seventeen-year-old German girl, spent most of the first semester of this year as a senior at Manchester Jr.-Sr. High School. She came to America as a guest of the Moses Wares of Walker Road in June, 1965, and stayed in Manchester until shortly before Christmas. While she was here she taught us much about Germany and showed us that people are the same throughout the world. Luise comes from Leitershofen, Germany, where she lives with her mother and her older brother, Hans.

Sports

The 1965 Manchester High School baseball team was a very special one. Not only was it the championship team of the league, it was also the last team to be coached by Mr. Joseph Hyland.

With this final record standing at 12-2, the team more than lived up to everyone's expectations. Through the fine coaching of Mr. Hyland, this team repeated the performance of the four other teams in the last six years -- as Mr. Hyland has coached five of the last six championship teams in the league, as well as the state Class C Championship team of 1961.

STANDING: Coach J. Hyland, C. Glass, D. Hyland, B. Kelley, S. Ball, L. Capello, Asst. Coach R. Pasek.
SEATED: B. Koch, D. Lynch, S. Koch, G. Machain, P. Hyland, D. Theriault, and B. Burgess.

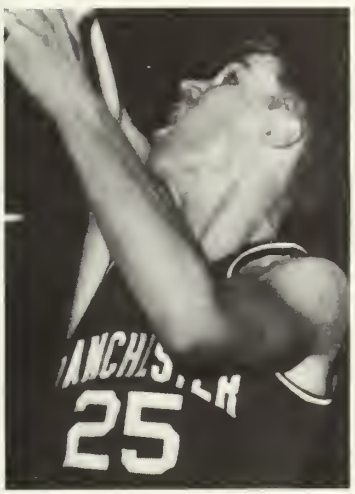
CHAMPIONSHIP GAME

Lincoln-Sudbury	71-70

Manchester High won a phenomenal victory at Boston Garden over unbeaten Lincoln-Sudbury, 71-70. The combined records of the last three teams the Hornets defeated were 56 wins and one loss. This victory marked the first time any North Shore team had won a Tech Tourney in 40 years.

Students support and team play highlighted the Boston Garden games for Manchester. The Hornet cheerleaders led all supporters in tribute to the victorious squad and their outstanding coaches.



Richard Katherman

Rick scored a total of 176 points in five games for new records in all classes of the Tech. His 43 points against Bellingham was a new record for a single game in classes C and D.

Captain Brian Peters

The ball from the championship game was donated to the students of Manchester in an unselfish act of generosity by Captain Brian Peters. Brian's 11 points and brilliant defensive play in the last five minutes of the Lincoln-Sudbury game won the Tech Tourney for the Hornets.
